

VeriFone VX 520

Ready for the Future

Next generation all-in-one terminal to easily and securely process payments.

Benefits at a Glance

- Accepts all payment types
- Contactless payment capabilities
- Ready for EMV chip cards
- Compact hand-over design

This attractive all-in-one device features everything you need to easily and securely process payments. The VX 520 supports a full range of payment types including credit, debit, EBT and gift cards. And it's ready for acceptance of secure EMV "chip" cards, protecting you and your customers from counterfeit card fraud. The VX 520 also has integrated Contactless technology that extends the convenience of "tap and go" payments and prepares you for the acceptance of mobile wallets.

VeriFone VX 520

Robust Payment Features

- Supports payment types including: credit, PIN debit, electronic gift card and electronic benefits transfer (EBT)
- Contactless capabilities provide customers a convenient way to pay with chip cards, key fobs or mobile wallets
